

## DRAFT STANDARDS (January 2008)

### Ready for publication

**prEN 1036-2** Mirrors from silver coated float glass for internal use - Part 2:  
Evaluation of conformity/Product standard

### Failed formal vote

**prEN 12488** Glazing requirements – Assembly rules

### End of parallel enquiry – comments available

**prEN ISO 1288 1-5** (documents on mechanical strength measurement methods): revision

### Parallel enquiry

**prEN ISO 14439** Glazing requirements – Use of glazing blocks

### At CMC for launching UAPs – amendments

2 amendments on EN 1279-5  
EN 410 (Corrigendum on E and F versions)

### Amendment of English version after enquiry

**prEN 12725-1** Glass block walls, design, dimensioning and performance - deleted WI

**prEN 13474-1** Design of glass panes – Part 1: General basis for design - deleted WI

**prEN 13474-3** Design of glass panes – Part 3: Design for line and concentrated loads -  
deleted WI

### Available CEN enquiry voting reports

**prEN 15681-1** Basic alumino silicate glass products – Part 1: Definitions and general physical  
and mechanical properties

**prEN 15681-2** Basic alumino silicate glass products – Part 2: Evaluation of  
conformity/Product Standard

**prEN 15682-1** Heat soaked thermally toughened alkaline earth silicate safety glass - Part 1:  
Definition and description

**prEN 15682-2** Glass in building - Heat soaked thermally toughened alkaline earth silicate  
safety glass - Part 2: Evaluation of conformity/Product standard

**prEN 15683-1** Thermally toughened soda lime silicate channel shaped safety glass - Part 1:  
Definition and description

**prEN 15683-2** Glass in building - Thermally toughened soda lime silicate channel shaped  
safety glass - Part 2: Evaluation of conformity/Product standard

### At CEN enquiry

**prEN 15755-1** Adhesively backed polymeric filmed glass - Part 1: definitions and descriptions

**prEN 15752-1** Adhesive backed polymeric film - Part 1: Definitions and descriptions

### Seeking CEN TC 129 approval to launch amendments on

- EN 13022-1** Structural sealant glazing – Part 1: Glass products for structural sealant glazing systems - Supported and unsupported monolithic and multiple glazing
- EN 13022-2** Structural sealant glazing – Part 2: Assembly rules
- EN 15434** Product standard for structural and/or ultra-violet resistant sealant (for use with structural sealant glazing and/or insulating glass units with exposed seals)

### Existing draft or discussed in working groups

- WI 00129058** Terminology
- WI ??** Unframed glass doors – Product standard
- WI00129093** Floors made of reinforced concrete and glass pavers
- prEN 13474-2** Design of glass panes – Part 2: Design for uniformly distributed loads
- WI ??** Thermal stress design
- WI ??** Assembly rules for sloping glazing
- WI ??** Adhesive-backed polymeric filmed glass – Product standard: Part 2
- WI ??** Adhesive backed polymeric film - Product standard: Part 2

### Existing work item – Work not started (to be deleted)

- WI00129092** Prefabricated glazing/partitions made of glass blocks and reinforced concrete

### Work items deleted by CEN TC 129

- WI 00129041** General survey of the glass product standards and of the glass product test method standards
- prEN 13424** Parts 1 and 2 on heat strengthened borosilicate glass
- prEN 12725-2** Glass block walls – Part 2: Evaluation of conformity/Product standard
- prEN 1098** Determination of the thermal transmittance (U value) - Calibrated and guarded hot box method
- WI 00129046** Determination of transmittance of glazing to long wave radiation
- prEN 357-2** Part 2 of fire standard
- WI 00129022** Test for overhead glazing
